Sponsored by *Your Agency* and the NOLS Wilderness Medicine

DATES: *June 9-10, 2017*
COST: *\$225.00 Tuition Only*
LOCATION: *Hayfork, OR*

COURSE DESCRIPTION

Whether spending time in the backcountry is your passion or your profession, you should never have to ask, "What do I do now?" In this fast-paced and hands-on course, you will learn how to prepare for the unexpected.

The NOLS Wilderness Medicine Institute's (WMI) curriculum includes many advanced topics that other programs leave out such as dislocation reduction and epinephrine administration. In just two days, you will have the knowledge, skills and ability to make sound decisions in emergency situations.

This course is ideal for trip leaders, camp staff, outdoor enthusiasts and individuals in remote locations. WMI's course is pre-approved by such organizations as the American Camping Association, the United States Forest Service, and other government agencies. This course *does not** include CPR.

CLASS FORMAT AND PERSONAL PREPARADNESS

Check in is at 7:45 am on the first day of the course. Course days run from 8:00 am to 5:00 pm.

Classroom lectures will be integrated with practical scenarios. The classroom environment generally lends itself to a pair of comfy shoes or slippers.

Practice scenarios will take place both inside and outside. Stage (moulage) blood and make-up are frequently used to emphasize the reality of a scenario. Please bring outdoor clothing appropriate for lying on the potentially wet, snowy, and/or cold ground. Come equipped with a light daypack, waterproof top and bottoms, sturdy shoes, and layers well suited for spending time outdoors at your course location.

RECERTIFICATION REQUIREMENTS

WMI graduates may take a Wilderness First Aid (WFA) course to recertify their WFA, WFR or WEMT (wilderness portion only). WMI certifications will be afforded a one-year re-entry period after expiration within which to recertify. **This course cannot be used as a WFR or WEMT re-certification course if you hold a certification from a provider other than WMI.**

For further information, see the Recertification FAQ portion of our website at:

www.nols.edu/wmi/admissions/recertification.shtml. If recertifying, you must submit a photocopy of your current certification card(s) on the first day of the course. We cannot issue you a new certification until we verify your previous training.

The Wilderness First Aid course is an introductory course for individuals with no prior knowledge and generally does not include CPR. It is not designed as a recertification course. Participants using the WFA course to recertify their WFR will be required to pass both a written and a practical test on the second day of the course.
